

Need to Know

Each Sunday, staff and volunteers work hard to create a safe and meaningful class experience for your child. Here are a few things you need to know to help us make the morning GREAT.

- If you are a guest, please visit the Preschool Check-in/Information Desk located at the main entrance to Lighthouse Kids. This is where your child will be assigned to their classroom. Check-in team members will then escort you to your child's class.
- Doors will open 15 minutes before each service. Teachers will also be prepared to check your child in to their classrooms at this time.
- Please make sure that all items that belong to your child are labeled.
- It's important to inform the teachers of any allergies, health concerns or special needs your child may have.
- Please do not pick up your child early, as it can be disruptive to services, other children, and/or the classroom activities.

Check-in/Security Process

Your child's safety and security are top priority at Lynwood. In order to provide the safest environment for your child while in our care, we follow a strict check-in process.

- There must be two volunteers present in the classroom before your child can be checked in to their classroom.
- When you bring your child to the check-in area, they will receive numbered security stickers, one for your child to wear and one to be given to the teacher when you drop your child off in their class. You will receive a 'child pick-up' tag with matching numbers. You must have these security tags in order to pick up your child! This is to ensure that no one picks up your child without your permission and will allow us to reach you in the event we need to contact you during the service. If needed, the security tag number will be flashed on one of the two digital screens in the worship center. (Located on the left & right sides of the worship platform above the exit signs.)
- For safety and stability reasons, we ask that parents drop off their children at the door of their classroom, instead of going in to the classroom.
- Staff and host team members monitor the entrance to the Lighthouse Kids Preschool wing during each service.
- Security cameras are used on our church campus for the safety and security of all who attend our services. This includes each preschool classroom.
- All volunteers go through a detailed screening process, including a criminal background check.
- Volunteers are never allowed in the bathrooms alone with children. They will assist them with clothing (as needed) outside the door and with hand-washing afterwards inside the classroom.
